

# **Dr. Sherry Kropp - Administrator of the Year for Los Alamitos and Superintendent of the Year for Orange County!**

Congratulations to Dr. Sherry Kropp, our District's Administrator of the Year and Orange County's Superintendent of the Year!

Dr. Kropp has been serving in the Los Alamitos Unified School District since 1985 and has been the Superintendent for seven years. Prior to being named the Superintendent, she was a teacher, assistant principal, and interim principal at Los Alamitos High School, a principal at Laurel High School, and a Director and Assistant Superintendent at the District office. Sherry considers it a privilege to work in Los Alamitos Unified, where passionate people join together to nurture, cherish, and support the success of young people.

Providing the best possible educational experiences for all students is the driving force behind Dr. Kropp's exceptional leadership. She believes in our vision, is courageous, and supports our excellent staff who provide robust programs in academics, athletics, activities and the arts. There is no fiercer advocate and champion for students than Dr. Kropp! She understands the incredible impact one caring adult can have on a student and loves it when staff members "let their eyes light up" when they see and interact with students. She truly believes we can change the trajectory and the path of our youth.

As Dr. Kropp fondly says, "Los Al is a great place to live, work, and go to school." Please join me in congratulating Dr. Sherry Kropp for being selected as our Administrator of the Year.
