

Checklist for Biology

Check of each task as you complete it.

PART A: To do list for days with lectures.

- _____ I quickly read through the notes I took today.
- _____ Read the pages in the textbook that went with the lecture.
- _____ Underlined (in red) in my notes anything I did not understand.
- _____ I filled in my notes with extra information from the textbook (in another color).
- _____ Made flashcards (4-7) and practiced them. I added these to any flashcards from the pervious day.
- _____ I wrote down questions and anything I still don't understand to ask Mrs. M tomorrow.

QUESTIONS FOR MRS M:

PART B: To get ready for an exam.

Two-three days before exam:

- _____ I highlighted in my notes any information I didn't understand, was vague about, or did not know.
- _____ I wrote down questions to ask Mrs. M (above).

One day before exam:

- _____ I studied the highlighted notes.
- _____ I went through my flashcards (if any).
- _____ I looked at any diagrams or pictures in the book once more.
