## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

- promoting self-confidence by enhancing and sustaining physical, social, and emotional well-being in a supportive environment which allows risk-taking
- emphasizing concern and acceptance of others through responsibility, respect and reflection

School goals which help us visualize our mission are determined yearly from:

- District goals
- Student progress and achievements; using State Mandated Assessments, District Benchmarks, Local Common Assessments, results of Fountas & Pinnell reading assessments, Theme and Unit tests
- Consensus planning with school site groups that include staff, parents and community members

Curriculum Frameworks and California Common Core Standards.

To meet the needs of all children, program goals emphasize that students of various abilities and needs:

1. receive a balanced language arts program integrating phonics, decoding, comprehension and vocabulary skills using a variety of ELA materials, RFCC strategies, and a rich literature curriculum that is aligned to Common Core standards
2. participate in a balanced mathematics program which emphasizes basic math skills, mathematical thinking, and problem solving that is aligned to Common Core standards. Primary and upper grade teachers are utilizing Cognitively Guided Instruction (CGI) strategies for teaching number sense and conceptual math
3. receive a comprehensive writing program utilizing Step-up-to Writing, Nancy Fetzer, Thinking Maps and Writer's Workshop.
4. receive challenging instruction in a comprehensive history/social science curriculum
5. learn physical, life, and earth science concepts in a hands-on learning environment using NGSS
6. have their learning and performance effectively communicated to parents with agreed upon performance standards
7. attend school with feelings of safety, pride, and trust which is nurtured and implemented through Husky Buddy classrooms and Spirit Assemblies

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: 12/2015

Los Alamitos Unified School District sets a high priority upon ensuring that high quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Los Alamitos Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core. Under California law, the State Board of Education reviews K-8 textbooks and other instructional materials and then adopts those meeting specific quality standards. In the Los Alamitos Unified School District, textbooks considered for adoption are carefully reviewed by a committee of teachers and administrators. The most promising programs are piloted using established criteria and guidelines. The recommended books are then approved by the Los Alamitos Unified School District Board of Education. To receive State instructional funds, the Los Alamitos Unified School District ensures that it has fully complied with the requirements of Education Code Section 60119. The District has also conducted an annual public hearing ensuring the sufficiency of instructional materials. Each school maintains a library/media center which is supported by District and State supplemental funding.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

The Los Alamitos Unified School District (LAUSD) has always emphasized the importance of a clean, safe environment for learning. The environment of each campus is a matter of pride for students, staff and parents. Several schools have planted individual gardens, organized workrooms, and planned workdays for students and parents to enhance the facility. To insure that our facilities are in good repair condition, custodians at each site perform monthly inspections and the District maintenance crew places safety as the number one priority. Hopkinson was built in 1961. Overall the school is in good condition. It is clean and well maintained. Voters within the District boundaries approved a local bond in 2008. Due to the passage of the Measure K Bond in 2008, all school sites within the District were modernized. The modernization work included the installation of new roofs, electrical, HVAC, plumbing, fire alarm and data systems. The doors, windows and flooring were replaced along with all new restroom fixtures. The modernization of Hopkinson Elementary School was completed in September of 2012. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	86.0	87.0	81.0	82.0	48.0	50.0
Mathematics (grades 3-8 and 11)	90.0	89.0	73.0	74.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	368	367	99.73	87.19

English Learners	19	18	94.74	72.22
Students with Disabilities	46	46	100.00	73.91

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Students with Disabilities	45	45	100	73.33

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## State Priority: Other Pupil Outcomes

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2018-19)

Parent participation at Hopkinson is critical to the success of our program. We have a very active, supportive parent group which continually expresses interest through assistance in the classrooms and media center and with special events such as assemblies, Restaurant Family Night, book fairs, and Family Science Night. Parents also participate as members of the PTA, School Site Council, and Friends of Hopkinson. PTA meetings are held every month during the school year, and School Site Council meetings are held four times a year. SSC spotlights specific areas of the curriculum and holds at least one classroom tour during the year. All parents and community members are welcome to attend any school meeting or activity. Attendance at Parent/Teacher Conferences, Back to School Night and Open House, as well as membership in PTA, continues to be over 95%. To strengthen parent involvement, additional opportunities are provided throughout the year for education and for volunteering in the classroom. For more information about organized opportunities for parent involvement at Hopkinson, please contact the school office at 562-799-4500.

The Los Alamitos Educational Foundation (LAEF) is a community-based, non-profit organization which was formed in 1985. It consists of concerned community members working together to raise money to maintain and improve the quality of the schools of the Los Alamitos Unified School District. The Foundation has a commitment of fundraising for STEAM, technology, reducing class size, summer enrichment programs and other specialized projects. Contact information: Los Alamitos Educational Foundation, P.O. Box 1210, Los Alamitos, CA 90720 or on the web at <http://www.laef4kids.org>

## School Safety Plan (School Year 2018-19)

Each site has a Comprehensive Safe School Plan (CSSP), an Emergency Preparedness Plan, and a Crisis Intervention Plan. These three documents cover all aspects of campus safety. The plans are on file and available to all parents as well as the general public. The CSSP is reviewed and updated on an annual basis by the School Site Council and subsequently Board Approved. The CSSP is also on file at the Orange County Department of Education. The goal is to ensure a healthy, safe and drug-free environment on all Los Alamitos Unified School District campuses.

### Professional Development (Most Recent Three Years)

The primary areas of focus for staff development are the District's *Signature Practices*: Cognitively Guided Instruction (CGI), Readers & Writers Workshop, Reading Foundations for the Common Core (RFCC), Thinking Maps and Depth and Complexity. Student data is collected via District benchmarks and various formal assessments, such as CAASPP and Fountas & Pinnel Leveled Reading Assessments, to determine instructional needs for teachers. The District provides annual training to ensure accurate calibration in the administration of reading and mathematics assessments in order to assess site vs. district-wide areas of concerns.

Professional development is delivered by way of release time for teachers in the all of the Signature Practices. Teachers new to the Los Alamitos Unified School District are placed on a five-year professional development plan. Teachers are placed into cohorts according to the number of years with the District and attend professional development sessions. Teachers are also released to attend pre-approved workshops and conferences with the expectation of disseminating their findings by way of instructional networking. The District also provides content specific training when needed by departments or grade level teams.

Teachers are supported through on-going, in-class coaching by District TOSAs. Site administrators provide regular, ongoing feedback by conducting classroom observations, setting individual goals for teachers, and by providing time for teachers to collaborate and review data within grade level teams, subject teams and departments. Teachers are provided opportunities to participate in instructional networking where teachers observe other teachers and debrief on the instructional strategies employed within the lesson. The practice of instructional networking is cross-curricular and non-evaluative.
